

# Pricing – Straight Forward Product Photography

## Inclusive Pricing

Our pricing, like our service, is set up to be as simple as possible. Our transparent pricing model makes it easy to calculate project costs. Furthermore, our pricing is just about all-inclusive!

All pricing, unless otherwise indicated, includes:

- Simple product preparation – removing dust, lint, fingerprints, etc.
- Simple product styling - positioning, arrangement of pieces, etc.
- Simple assembly - less than 5 minutes per item
- Photography of Individual Items and groups of up to 5 products
- Appropriate professional lighting – will show off color, shape, and texture of product
- Professional equipment – high-quality cameras, lenses and lights ensure consistent color representation and sharp details in final images
- Professional retouching – all delivered image files are professionally re-touched to remove major flaws, and ensure accurate color representation
- Valuable file preparation – The final set of delivered files are formatted appropriately for the end-use you specify.
- File retrieval – Though we can't make any official guarantees, unless our RAID fries AND our cloud backup go down at the same time, we will have your files for a long time! A quick re-posting of your image files is always free.
- Unlimited Usage – All delivered image files come with an unlimited usage license. Use the images however you want, forever!

## Standard Pricing

Our Standard Pricing applies to most products that fit within a 24" x 24" x 24" cube and weigh less than 10 lbs.

# of Images	Price Per Image
1	\$ 37.49
2 – 9	\$ 36.49
10 – 19	\$ 34.49
20 – 49	\$ 29.99
50 +	Call Us

## Non-Standard Pricing

Some things just take a little longer to photograph and process. Our non-standard pricing accounts for common variations from the norm. In some very rare cases, a custom quote may be required. In such cases, we will work with you to nail down pricing before starting the project.

Pricing for common, non-standard scenarios:

	Pricing
Over-sized items under 50 lbs, up to 7 ft max dimension*	2 x standard pricing
Product assembly time over 5 minutes	\$25 per 10 minutes
Additional product styling	\$25 per 10 minutes
Over 5 items in image	\$5 per additional item
Fabric steaming	\$12 per item
Multiple file sets	\$2 per image per additional set
.dng files with transparent background*	\$5 per image
.tif files with clipping path	\$5 per image
Rush – proofs guaranteed within 3 business days	\$15 per image
Shoot products at your location – within 35 miles of Vancouver, WA	\$150 per day of shooting

\*Only available on Clean White background
